

SAURABH KUMAR SINGH

+91 9117642473 kumarsaurabh95912@gmail.com github.com/kumarsaurabh6039 Ameerpet, Hyderabad

PROFESSIONAL SUMMARY

Motivated **Custom Software Engineer** with experience in designing, coding, and enhancing scalable software solutions. Proficient in **SAP ABAP Development for HANA**, database management, and data modeling. Adept at utilizing modern frameworks, **SAP Fiori/UI5**, and Agile methodologies to meet specific business needs. Proven ability to collaborate with cross-functional teams, translate requirements into technical specifications, and troubleshoot complex system issues to improve overall performance.

TECHNICAL SKILLS

Core Competencies: SAP ABAP for HANA, Custom Software Solutions, Agile Methodologies, Data Modeling

UI & Frontend: SAP Fiori, SAP UI5, HTML5, CSS3, JavaScript

Backend & Databases: SAP HANA DB, SQL, Database Management, Python, Java

Tools & Version Control: Git, SAP GUI, Eclipse, Troubleshooting, Debugging

PROFESSIONAL EXPERIENCE

Associate Software Engineer | Antforge

Nov 2025 – Present

- Develop and enhance custom software solutions using **SAP ABAP for HANA**, delivering scalable and high-performing components tailored to business needs.
- Collaborate with cross-functional teams to gather requirements, translate them into technical specifications, and drive continuous improvement in agile development processes.
- Troubleshoot and debug complex software issues, optimizing database management and enhancing overall system performance.

Software Engineering Intern | Antforge

Apr 2025 – Oct 2025

- Actively participated in problem-solving discussions to support the team in building modern software components and improving development practices.
- Built foundational knowledge in **SAP Fiori and UI5**, assisting in front-end enhancements and data modeling tasks.
- Maintained codebase integrity and collaborated on technical documentation using **Git** version control systems.

SELECTED PROJECTS

Enterprise Sales Data Report (SAP ABAP) | SAP ABAP on HANA, Fiori, OData

- Developed custom interactive reports using ALV on SAP HANA to analyze large volumes of sales data efficiently.
- Exposed backend data via OData services to be consumed by custom **SAP Fiori** applications, improving user experience.

Developer RAG Model Chatbot | Python, LangChain, VectorDB, FastAPI

- Developed an advanced Retrieval-Augmented Generation (RAG) chatbot to assist developers by instantly querying technical documentation.
- Integrated vector databases for efficient semantic search, showcasing strong general programming and problem-solving skills.

Quenrix Management Application | React, FastAPI, MongoDB, Git

- Architected a comprehensive management system facilitating seamless interactions and centralized resource management.
- Applied Agile methodologies and utilized Git for version control to deliver iterative UI/UX enhancements.

EDUCATION

Bachelor of Computer Applications (BCA) | Veer Kunwar Singh University

Graduated: 2024 | Grade: 66%
